IO-NIZER | ION GENERATOR

The iO-Nizer Ion Generator targets nano- and micro-particulates to reduce minute air contamination that can pass through filters as well as human defenses.

This ionizer attracts fine particulates and respiratory irritants into filterable groups, neutralizing odors and VOC molecules that are broken down. The iO-Nizer kills airborne pathogens by disrupting microbe chemical balance and is **UL-867 validated**.

Connects to any 24 VAC transformer or any existing 24 volt IAQ product. 6 ft. quick release power cord included. Magnetic mount included. Wall plugin adapter available. Maintenance free, no parts to replace. Can be used independently or in combination with other IAQ improvement products.
